

INCIDENT MANAGEMENT SITUATION REPORT
TUESDAY, MAY 9, 2006 – 0530 MDT
NATIONAL PREPAREDNESS LEVEL 2

CURRENT SITUATION:

Initial attack activity was heavy nationally with 301 new fires reported. Two new large fires (*) were reported in the Southern Area. Two large fires were contained in the Southern and Eastern Areas. Very high to extreme fire indices were reported in Arizona, New Mexico, Oklahoma, Michigan, Pennsylvania and Texas.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

ARECA, Florida Division of Forestry. A Florida State Type 2 Incident Management Team (Jones) is assigned. The Team is also managing the Tosohatchee fire. This fire started on Fish and Wildlife Service land six miles northwest of Sharpes, FL in southern rough. Numerous road closures are in effect due to smoky conditions.

WF NEW SMYRNA 44/95, Florida Division of Forestry. A Florida State Type 2 Incident Management Team has been ordered. This fire is one mile west of New Smyrna, FL in southern rough. No further information was received.

WEST TEXAS IA, Texas Forest Service. A Texas State Type 2 Team (Rogers) is assigned in Midland, TX. The Team is assisting local jurisdictions with managing initial and extended attack fires within the fire management response area. Two new fires, including the Pyote fire, were reported within the management area. Both fires are located near oil and gas facilities. Acres, structure losses and costs represent cumulative fire activity for the response area.

RASELY ROAD, Florida Division of Forestry. This fire is in Volusia County, FL in southern rough. Interior smokes and spotting were reported. No further information was received.

TOSOHATCHEE, Florida Division of Forestry. This fire is six miles southwest of Titusville, FL in timber and southern rough. No further information was received.

PYOTE, Texas Forest Service. This fire is two miles west of Monahans, TX in grass. The fire is burning near oil and gas facilities. No further information was received.

BIG BEND, Florida Division of Forestry. This fire is in Osceola County, FL in southern rough. Low relative humidity is intensifying fire behavior. No further information was received.

CORBETT TRAIL, Florida Division of Forestry. This fire is four miles south of Indiantown, FL in southern rough. Minimal fire activity was reported.

4 TRACK, Florida Division of Forestry. This fire is in Broward County, FL in grass. Rapid rates of spread and spotting were reported. No further information was received.

29 POWELL, Florida Division of Forestry. This fire is in Hillsborough County, FL in grass. Containment lines are complete around the fire. No further information was received.

OUTLOOK:

Red Flag Warnings: For Tuesday for high winds along the North Slopes of the Alaska Range and the Tanana Flats. For far west Texas for low humidity and gusty winds greater than 40 mph.

Fire Weather Watches: For Tuesday afternoon and evening across the northern Lower Peninsula of Michigan. For southeastern New Mexico and much of southwest Texas for high winds and low humidity.

Weather Discussion: A large low pressure trough moving across the Rockies today will create dry and windy conditions over the Southwest and portions of southern Colorado. Elsewhere, an area of high pressure will continue dry conditions in Florida which will extend up along the East Coast.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southern Area Florida: Mostly cloudy north to partly cloudy south with thunderstorms (except southern areas) Far West Texas: Mostly sunny.	80s to 90s. 80s to 90s.	Upper 30s to 60%. 15 to 25%.	Variable to 8 mph. West 15 to 25 mph with gusts to 55 mph.
Eastern Area Areas of showers and thunderstorms across eastern Minnesota, Wisconsin, eastern Iowa, western portions of the Upper Peninsula of Michigan, western Illinois and eastern and southern Missouri. Scattered showers along the New England Coast. Fair elsewhere.	60 to 70 over the Northeast. 65 to 75 elsewhere.	20 to 30% over the western 2/3 of the Northeast states, Pennsylvania and New Jersey. 28 to 40% across the rest of the Mid-Atlantic states, eastern parts of the Lower Peninsula of Michigan as well as southwest Minnesota, Iowa, and northwest Missouri. Great than 40% across the rest of the Eastern Area.	South to southwest at 12 to 20 mph over Michigan, eastern Wisconsin, Illinois and western Indiana. Northwest at 15 to 25 mph over southern Minnesota and Iowa. Northeast at 10 to 18 mph over the eastern New England states. Light to moderate elsewhere.
Rocky Mountain Area Scattered rain or snow showers northern portions, with a few showers and scattered afternoon thunderstorms southern portions.	70s in the south, with mid 50s and 60s in the north.	15 to 25% lower elevations of western Colorado and southwest Wyoming, with 25 to 35% elsewhere.	West 15 to 25 in the afternoon west of the western Colorado and southern Wyoming, and variable 10 to 20 mph elsewhere.
Southwest Area Mostly sunny, dry and warmer with afternoon breezes Arizona, western New Mexico, and far southwest Texas. Partly cloudy with isolated showers or thunderstorms northern sections of New Mexico into the northern Texas panhandle.	50s to 70s mountains and lower elevations across the north. Upper 70s to mid 90s lower elevations south.	Six to 18% most of Arizona, New Mexico, and far southwest Texas. 18% to 25% higher elevations of northern New Mexico and Arizona and northeastern New Mexico into west Texas.	West to southwest 10 to 20 mph most areas. West to southwest 15 to 30 mph southwest Texas into southeastern New Mexico. Northeast to east winds at 10 to 20 mph far northeastern New Mexico into the northern Texas panhandle.
Southern California Night and morning low clouds and fog lower coastal areas, otherwise sunny.	70 to 85 mountains. 70 to 85 valleys. 80 to 90 upper deserts. 90 to 100 lower deserts.	10 to 20%.	Southwest to northwest 10 to 20 mph.
Alaska Area Interior Alaska: Partly cloudy with a chance of an isolated shower or thunderstorm.	Upper 40s and 50s.	30 to 45%	South 20 to 35 mph
